

## Product Specifications

### Compound Information

|                    |            |                    |         |                                                                                     |
|--------------------|------------|--------------------|---------|-------------------------------------------------------------------------------------|
| Product Name: 丙谷二肽 |            |                    |         |  |
| EN Name: Ala-Gln   |            |                    |         |                                                                                     |
| Product No:        | A11260     | Molecular Formula: | C H N O |                                                                                     |
| CAS:               | 39537-23-0 | Molecular Weight:  | 217.22  |                                                                                     |

### Quality Control Information

|            |                       |
|------------|-----------------------|
| Test:      | Norm:                 |
| Appearance | White solid           |
| Purity     | 97%                   |
| Structure  | Conforms to structure |
