

Appearance

白色结晶固体

Purity

99%

Aluminum(Al)

0-0.005%

Clarity Of Solution

Clarity

Copper (Cu)

0-0.001%

Iron(Fe)

0-0.0001%

pH

0-4

X-Ray Diffraction

Conforms to Structure

Zinc(Zn)

0-0.002%

Lead(Pb)

0-0.005%

## Product Specifications

Structure:

|         |                              |
|---------|------------------------------|
| Name    | 硝酸镉,四水合物                     |
| EN Name | Cadmium nitrate tetrahydrate |
| Catalog | C45460                       |
| CAS     | 10022-68-1                   |
| M.F.    | CdHNO                        |
| M.W.    | 308.48                       |

| Test | Norm |
|------|------|
|      |      |

|                     |                       |
|---------------------|-----------------------|
| Appearance          | 白色结晶固体                |
| Purity              | 99%                   |
| Aluminum(Al)        | 0-0.005%              |
| Clarity Of Solution | Clarity               |
| Copper (Cu)         | 0-0.001%              |
| Lron(Fe)            | 0-0.0001%             |
