### Product Specifications

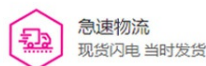

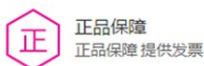

Structure:

|         |  |
|---------|--|
| Name    | D-果糖-1,6-二磷酸三钠盐                            |
| EN Name | D-Fructose 1,6-bisphosphate trisodium salt |
| Catalog | D98370                                     |
| CAS     | 38099-82-0                                 |
| M.F.    | C H Na O P                                 |
| M.W.    | 424.08                                     |

| Test       | Norm                                 |
|------------|--------------------------------------|
| Appearance | White to off-white Powder to crystal |
| Assay      | ≥98%                                 |
| Solubility | 50mg/ml, H2O                         |
